

**24 Cars, 24 Wives
A Surprise for All
What Is Man's Destiny?
George and Kemal
—By Arthur Brisbane—**

Let us be grateful that nobody loaded any Irak mandate on this country. They almost handed us Turkey. Kemal Pasha would have been a handful for our dignified Washington crowd.

Also the British have tested successfully the biggest all-metal monoplane on earth. Its wings spread 150 feet, it carries 29 people, weighs 20,000 pounds, has wheels 7 feet 6 inches high. A few such modern birds of prey would make Ibn Saud and his 22 ladies thoughtful.

But about such questions a learned Supreme Court justice knows as little as an Eskimo watching for seals in the ice hole.

Turkish law says Mohammedanism is part of Turkish government. Attacks on it are treasonable.

American teachers testify that no religious pictures were shown in the schools, only portraits of George Washington and Musia-

Secretary of Labor Davis says that a survey shows "an improvement in the country's business conditions," and "an upward trend to employment." That is encouraging, but not definite.

Plenty of work needs doing,
and there is plenty of money to
pay for it.

A new, violent outbreak of influenza worries Japan; 500,000 are ill, thousands have died. The Emperor himself is a victim of the disease and his baby daughter is dead.

Nature seems especially savage

FOLEY ACTS IN BANK CRASH

Minister N. E. Dry Chief

A report showing a misappropriation of funds by A. Di Pietro, president and treasurer of A. Di Pietro Co., private bankers at 365 Hanover st., causing a shortage of \$18,800, was today turned over to Dist. Atty. William J. Foley for grand jury action.

The report on alleged conditions in the bank, which was closed yesterday, was turned over by Asst. Atty.-Gen. Delana Putnam, after having been received from Bank Commissioner Roy A. Hovey.

*A report indicating a shortage of \$15,000 in the assets of A. Di Pietro Company has been forwarded to the Money Trust by Messrs. C. & J. Seligman & Co.

A stinging rebuke for its delay in getting started on the investigation of the Reading case was given today by the committee which was being held at the special investigating committee today by Rep. Roland D. Sawyer of Ware.

Rep. Sawyer, who was the author of the bill which introduced the case to the House to inquire into Reading's connection with the Decimo Club, accused the committee of "what appears to be to be useless and ineffectual killing of time."

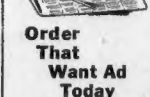

He said that the delay of eight days since the committee was appointed was aiding the defense.

"This delay irritates the public and awakes criticism from Reading to the Legislature," he said. "I, one, I want to protest. Here is a case of a high official charged with a crime."

Thousands of automobile license renewals, issued in advance by former Registrar Frank A. Goodwin, to take effect after March 5, were today recalled by his successor, George A. Parker, as worthless.

It is stated that the renewals signed by the then Registrar Gilley, following Goodwin's removal, are legitimate. The former registrar sent out the renewals in the name of himself. In advance, of the time when he was to leave the position in his office. Owing to the fact that he was removed on charges of being a business-worthless and their holders are now being recalled. The signature of Capt. Parker, however, is not necessary. The renewals will be forced to lay up their cars until new licenses can be obtained.

Headline the new registrar has issued is:

"Speeders, drunk and reckless drivers. Do not run over the law. Turn to Page 2, Column 1."

The Rev. Jonathan S. Lewis of Reading was appointed today by the prohibition division of the Treasury Department at Washington to succeed Capt. Parker as prohibition administrator for New England.

Appointment was made immediately after the resignation of Capt. George W. Parker from the department, was received at Washington. Capt. Parker was confirmed yesterday, unanimously, by the Governor's Council as successor to Frank A. Cowdin, registrar of motor vehicles.

The Rev. Mr. Lewis, a resident of Middlesex rd., Reading, has been chief assistant to Capt. Parker in the prohibition division headquarters for some months.

An assistant's maximum salary

MELBAE NAMES DEMOCRATIC CONVENTION SLATE
The following Democratic slate for the presidential primaries was announced today by Chairman Charles H. McClue of the Democratic State Committee: William A. Cullen, Jr., Sen. John F. Wirth, Sen. Charles McNair, C. C. and Andrew J. Peters, Gen. Charles H. Cole, Dustin D. Atty. Joseph B. Ely, Westfield; Mrs. Colin W. McDonald, Boston; Dist. Atty. William J. Foley, Rep. Edward J. Kelly, Worcester. Alternates, Chairman McGuire, Seb. V. Caggioni, Haverden; C. Joseph Soucouso, Boston, Bernard M. Wolfe, Boston; Mrs. Elizabeth C. McNamara, Boston; Dorothy Whipple Foy, Brookline; James A. Donovan, Lawrence; Raymond V. McLamara, Haverhill. A.

London, March 8 (INS)—First reports of action in the "holy war" declared by Sultan Isma Saad, King of Iraq, against British forces in Palestine, reached London this evening.

A dispatch to the Exchange Telegraph Company said that small detachments of Wahabite, Ibn Saud's followers, had raided across the Iraq-Syria border and captured villages.

British marines have been paraded

and armored cars and airplanes are stationed outside the city walls.

Efforts to form a new Egyptian Cabinet to replace the ministry of Premier Sarwat, which resigned last Sunday, have been abandoned owing to the critical relations between Egypt and Great Britain, according to word from Cairo this afternoon.

PAPERS IN CLOSED HUB BANK CASE SENT TO DISTRICT ATTORNEY

Before Grand Jury in Groton Probe Mystery

\$18,000 SHORTAGE FOUND

Continued from First Page.

attorney general in accordance with the provisions of the statutes.

"It appears that this shortage was caused by misappropriation of funds by A. D. Pietro, president and treasurer of the corporation. In accordance with the law all persons licensed by this department to engage in this type of business are required to furnish bonds conditioned upon the faithful holding and repayment of funds entrusted to their care. In this case such bonds totalled \$50,000 and are on file with the treasurer and receiver-general.

LIQUIDATING AGENT NAMED.

"Guy L. Vaughan has been appointed liquidating agent. Mr. Vaughan has been for the past few years assistant liquidating agent in liquidating the affairs of the Comopolitan Trust Co."

In another statement Commissioner Vaughan said:

"I don't think the situation is as serious as some suppose. Irregularities caused me to shut the doors of the bank. I hope, in time, to have a legal probe of the crash of the bank or of its various depositories of workmen's savings, the toll of which was estimated when it was other projects."

IN OTHER ENTERPRISES.

One of these was an East Boston amusement enterprise, in which many laboring men are said to have invested, and which is reported to have been unsuccessful from the start. Another was a restaurant factory, which was in process of construction on Commercial st., and in which shares were to have been sold.

A crowd of anxious depositors hung around the bank today, showing their bankbooks to sympathetic police officers and begging for information.

The banker spoke no English, only a few words and all were hoarse-stricken at the possibility of their pitifully small savings having been swept away.

Many of the depositors have known and admired Di Pietro for years, a number of them since he first came to this country as a boy and began peddling beer, eventually opening a saloon, and later a bank. His friends told his troubles to restriction of immigration, depreciation of foreign exchange, business and unfortunate investments.

Soft Green Shades Feature Spring College Clothes.

Chicago, March 8 (AP)—Child, neckwear and sweaters in soft shades of green will feature clothes for college men this spring and summer. It was announced today at the convention here of the National Association of Retail Clothiers.

Sweaters will be with the new color. Golf and half hose must be geometric designs, as well as regimental stripes, will continue in use.

GREETING MAYOR STEVENS OF HARTFORD.
Scene at airport as the mayor jumps from army plane in which he flew from Hartford to Boston in 55 minutes, piloted by Capt. Earl W. Fleet. C. N. G. Thomas S. Prouty and A. W. Burke are friends who met him on arrival. He came to attend the meeting of N. E. mayors and members of chambers of commerce at which the proposed New England building was exploited.

RIOTERS WRECK U. S. COLLEGE

Cairo, Egypt, March 8 (AP)—During disturbances an attack was made by students of the Smith School at Assiut on the American College, causing minor casualties among the defenders, including Dr. Russell, the principal.

The Smith School students, on strike, tried to smash the students of the American College come out also. The latter refused, whereupon the strikers smashed the gates, tore up trees and broke windows with stones.

Dr. Russell, with his staff, defended the building courageously and the efforts to draw out the students under his care failed.

Disturbances growing out of the Anglo-Egyptian question also took place in Cairo when 1200 striking students marched to the Nationalist headquarters and stoned police. The latter charged and scattered the demonstrators.

Britain Mobilizes Tanks and Planes in Arabia

London, March 8 (AP)—British provisions for war in Arabia, continued since today. Men, armored cars, tanks and airplanes were being mobilized along the border of British Iraq and Arabia. Several air squadrons were ordered to be ready by Wabail tribesmen under Ibn Saud.

A dispatch to the Daily Mail from

\$1000 Victim

IN ITALIAN BANK
Mrs. Vincenza Morilli of 273 Cross st., Malden, was one of the depositors in Di Pietro's closed private institution.

Jaffa said that in Palestine the frontier force was being mobilized. All officers and men were recalled to leave. An armored car company left Ramleh for Amman. Several airplanes, each understood to be carrying 20 men, passed over Jaffa en route from Egypt to Amman.

AUTO LICENSES CALLED IN

Continued from First Page.

"It is an absolute public necessity that the motor vehicle laws be administered without fear or favor. Our aim in this respect is to meet out even-handed justice to all. ASKS PUBLIC TO AID

"To the end that the best interests of the public, both pedestrians and motorists, be served, I sincerely hope for the hearty co-operation of all our citizens and especially the police forces throughout the state."

"I desire this co-operation not only for myself in the arduous duties which are before me, but also for the whole force of co-workers associated with me in the registry."

Registrar Parker expects to make few changes, if any, in the personnel of his bureau, he said. A large force offering from prohibition headquarters was on his desk, together with another from a wartime buddy.

King of Egypt

IN THE TENTED STRONGHOLDS ON DESERT SANDS

Photo shows typical mobile village of tribesmen in the vast wilderness of the Arabian Sahara far from any permanent city or town, but near enough to conduct the raids upon which they rely in "hit-and-run" guerilla warfare to defeat the British, despite the latter's tremendous forces of men, equipped with tanks, great camel trains, airplanes, armored cars and other modern armament as well as gas throwers.

EX-TEACHER

Richard Danielson, a former teacher at the Groton school, was one of the first witnesses called in the mysterious Groton probe by the Middlesex grand jury.

TOWN ACCOUNTANT QUESTIONED

Mrs. Catherine Freeman was another Groton town official called before the grand jury.

"OH, SAVE POOR LITTLE US"

1150 POUNDS AFRAID OF FEATHERWEIGHT

Mrs. Florence Schlensbaum, who weighs 580 pounds, and her sister, Anna, who tips the beam at only 570, shown in court at Jamaica, N. Y., where Mrs. Schlensbaum was fined \$25 for "leaning on a neighbor" who weighs only 100. They pleaded with the court to protect them from the 100-pound woman.

MORE CALLED IN GROTON PROBE

The Middlesex County grand jury today resumed its mysterious probe into conditions at Groton, and it was expected to last through tomorrow. Witnesses called were Miss Catherine Freeman, Groton town accountant; George K. Whiting, head of the Whiting Milk Co.; his son, George K. Whiting, Jr.; Charles Murphy, a plumber; John H. Carter and Eugene Lincoln, both of Groton.

HUB TEACHERS FIGHT BILL TO FORM BIG PENSION FUND

Vigorous opposition to a recommendation of the Boston Finance commission for accumulation of a huge fund from the permanent pension fund for teachers, seventy-five years hence, was voiced at a legislative hearing today by President Anna D. Allard of the Boston Elementary Teachers' Club. Herbert Parker, former attorney general, appeared as counsel for the club, and Chairman Charles L. Carr of the Finance commission urged the bill.

M. J. Downey of the Boston School committee advocated referring the bill to the next legislature because the committee needed more time for study.

Armed Trio Arrested

Providence, March 8 (AP)—Three Worcester men, heavily armed, were arrested in an automobile in this city today. Police withheld their identity pending an investigation.

King of Irak

His premier, Surwat Pasha, having resigned, King Fud is faced with task of fighting or continuing under British yoke.

IN WORLD'S EYE

Photo shows typical mobile village of tribesmen in the vast wilderness of the Arabian Sahara far from any permanent city or town, but near enough to conduct the raids upon which they rely in "hit-and-run" guerilla warfare to defeat the British, despite the latter's tremendous forces of men, equipped with tanks, great camel trains, airplanes, armored cars and other modern armament as well as gas throwers.

GIRL, UNCONSCIOUS 53 DAYS, BAFFLES DOCTORS

PLANS TO MAKE HIS U. S. ENTRY LEGAL NOW

Detroit, March 5 (AP)—The four-year-old boyson son of Mrs. Myron L. Boyer, daughter-in-law of Joseph Boyer, rich executive of the Burroughs Adding Machine Company, today became her legally adopted son.

The child, who had been named for Joseph Boyer and who had been made heir to a \$5,000,000 trust fund, was legally adopted by Mrs. Boyer before Judge Dan A. McCaffrey in Oakland County Probate Court at Pontiac, Mich., and was given the name of Dode Alfred Boyer. The adoption was allowed after Mrs. Boyer and her attorney, Ralph E. Lacey, presented a petition carrying an affidavit signed by the child's real mother, 21, of Windsor, Ontario, releasing her parental rights. The child did not appear. The affidavit stated that on November 5, 1923, four days after the child was born in Windsor, the mother signed an agreement, stating she released her rights to the child to Mr. and Mrs. Boyer, collectively or individually. The adoption was another step toward clarifying the status of the child, thrown into a legal tangle when Mrs. Boyer's husband recently filed suit disclaiming the boy as his son and asking that his name as such be expunged from state records. The suit to legally disprove the child of his \$5,000,000 inheritance is pending.

COVERING UP

Bobby Tremaine of the "Just Fancy" company in Hula costume. If she used it in Cincinnati she'd have to don galeshes to cover her feet.

MOTHER IS AT SIDE OF BAY STATE VICTIM

By JAMES L. KILGALLAN
International News Service Staff Correspondent

Palmer, N. Y., March 5.—Medical science is puzzled by the remarkable case of Irene L. Buschmann, 19-year-old college student, of 21 Pearl St., Westfield, Mass., who has been lying unconscious in Lake County Memorial Hospital in Palmerville for 33 days. She lapsed into an unconscious state on January 12, when she was struck by an automobile and immediately removed to the hospital. Since that day she has not spoken a word and has not moved, except for occasional nervous gesture over which the mind has no control. "It is one of the most amazing cases in the history of medical science," Dr. V. N. Marsh of Palmerville, the attending physician, said in an interview with International News Service today.

NOTICE BY DEEDSIDE

"She is in an immediate danger of death. She can go on living in this unconscious state indefinitely—years as long as a year, perhaps five years. As far as I know the case has set a record for the length of time a person has remained unconscious." At the girl's bedside day after day, she has mother, Mrs. Emma Buschmann, who rushed to Palmerville from Massachusetts when she learned that her daughter had been injured. When the girl, who was a student at the Lake Erie College here, was struck by the bus her skull was fractured. Please Turn to Page 4, Column 4

Cod Grows Fins

NEW PLATES WHITE ON BLUE

The 1929 number plates—samples only—appeared today, and the codfish has fins. Capt. George A. Parker, new registrar of motor vehicles, promptly O. K.'d the finny fish, saying, "What is a codfish without them?" True to his promise ex-Registrar Goodwin had ordered fins put on the 1928 cod, which was finless.

BOSTON AMERICAN

BOSTON, THURSDAY, MARCH 8, 1928

HUB 'DRESS-UP' EDICT SHOCKS STAGE FOLK

Chicago, March 4.—"What the country needs most of all is a uniform law regulating what is proper and what is taboo in the way of costumes for our ladies of the stage," suggested Raymond Hitchcock, veteran humorist in Joseph Sweeney upon the latter's receipt of the orders and regulations called the "proper standard for entertainment in Boston," to which "Just Fancy" will journey in the near future. "Now in San Francisco and Chicago the day's the limit and anything within the bounds of decency is permitted. While in Cincinnati the lawmakers decree that bare feet are improper, in Columbus bare feet are out on Sunday, while on Monday anything goes, and so forth throughout the country."

"Now comes Boston—bare legs are out except with the permission of Mayor Malcolm E. Nichols. Good-bye, Hitchcock," said Hitchcock. "You're right, Hitchcock," said Mr. Sweeney. "Let's do something about it. I accept your suggestion and from now on it's our duty to carry the banner for uniform laws regulating stage costumes."

The immediate cause for action was a letter from Mayor Nichols to Nichols of which excerpts read as follows:

"Performances of every kind must always be governed by the dictates of propriety and refinement. Obviously among other things such factors as the wearing of gaudy costumes as the wearing of gaudy costumes with a double meaning that may be suggestive, the use of profanity."

School Romance

WED IN AFRICA

Elizabeth Apollonio of Boston has been married to Keith Ramsey McNab, formerly of Milton. Their love began at Milton Academy and she took the journey of 10,000 miles to Kenya, British East Africa, to join him.

have legs; all performances should be confined to the stage, wearing of modish union suits by females where simply used to wantonly display the figure; the use of gaudy costumes with a double meaning that may be suggestive; the use of profanity."

GENERAL NEWS SECTION

HUB GIRL GOES 10,000 MILES TO MARRY

A schoolboy romance that began in Milton Academy, has culminated in the far away Africa in the marriage of Miss Elizabeth Apollonio of Boston to Keith Ramsey McNab, formerly of Milton, according to word received here.

The ceremony was performed Feb. 4 in Kericho, Kenya colony, British East Africa, where Mr. McNab is stationed on a coffee plantation and took place in the presence of the bride's mother, Mrs. Theron A. Apollonio, and her brother, Leont. Theron Apollonio, U. S. N. R.

Accompanied by her mother and brother, Miss Apollonio sailed from Boston, December 4, 1927, for Quentown and Liverpool on the first leg of the journey of nearly 10,000 miles. From London they proceeded by water through the Mediterranean, Red Sea and Gulf of Aden, down the east coast to Mombasa, and from there inland by railroad and motor, to Kenya colony.

Although the couple went to school in Milton Academy, Mr. McNab received his higher education in England, while Mrs. McNab was graduated from Brown University in 1924. The couple will probably remain in Africa two or three years, as Mr. McNab's contract has several years to run.

The bride's father, treasurer of a Boston bank, was not able to get away to attend the wedding. The Apollonio family have been summer residents of Cotuit for 30 years.

MEET A YOUNG MILLIONAIRE

CAN'T EVEN COUNT HIS MONEY

John Mortimer Coward, 3d, of New York, only 5, inherits two-thirds of the estate of his father, J. Mortimer Coward, former head of Coward shoe stores, who died recently in Havana and who was a former U. of P. football star.

Millions Mean Naught to Cupid

As He Mates Heiresses to Poverty

PLANE TRAGEDY MYSTERY MAY BE SOLVED

New York, March 8 (AP)—A letter received at the local office of the French Cable Company today told of an investigation by French authorities in the North Atlantic which was believed might clear up the mystery surrounding one of last summer's aviation tragedies.

The letter told of an airplane bound by a native on an island off the coast of Newfoundland and dismantled for the brass screws in its framework.

The letter, dated from St. Pierre, Guadeloupe on March 5, was addressed to a young man in the cable com-

Holdup Man Who Got \$7 to Serve 2 Years for Each Dollar

Cape May Courthouse, N. J., March 8 (AP)—George Costello, 31, pleading guilty to a charge of holding up an Ocean City man and robbing him of \$7, was sentenced to serve two years for each dollar in state's prison by Judge Henry Eldridge today.

pany's office by his father, D. Becher, master of the steamer Quaker. Costello was reported to the court on March 5 from Longland Island Capt. Becher reported to the court that Costello had been held up and tried to put on board 700 brass screws. Asked where he got them, the native said he found a plane on the northwest side of the island and dismantled it for the screws.

FISHER BARES 'SIXTY BILLION' ROBBERY

The story of a "\$60,000,000,000 robbery" was told to Boston business men today at a Chamber of Commerce luncheon by Fred Fisher, famous economist, of Yale University.

"Sixty billions of dollars were taken from the pockets of the people because of the fall in the buying power of the dollar over a period of six years, and it was so abjectly recognized that it was not generally recognized when it happened and is not to this day," he said.

He explained that the dollar of today is worth only 70 cents, as compared with the dollar of 1913, and he urged support of the efforts of economists to stabilize the purchasing power of money.

"When prices rise rapidly laborers feel themselves to be victimized and the more radical among them come to hate society," he said. "They wrongly attribute their plight to inequitable distribution."

In Europe the inflation of the war period and afterwards literally ruined the middle class investor, teacher, lawyer, judge, clergyman, physician, clerk and others, depending in savings banks, recipients of life insurance money. They have come to be called the new poor of Europe.

America a man who in 1913 put \$100 away in a savings bank at compound interest would have had \$200 in 1923. When he came to spend this \$200 he found he could buy only two-thirds of what he could have bought for \$100 in 1913.

Fisher explained that rising prices stimulate business and falling prices depress it. When producers get higher prices they do not get higher wages, salaries, interest and rent. They lag behind of expense results in larger profits for a time.

FRENCH FLIERS RESTING UP IN SAN FRANCISCO

San Francisco, March 8 (AP)—Capt. Dismont, Cortes and Louis Joseph Lehot, French naval aviators, will fly here today to visit through a deluge of invitations to public and private social affairs before making final plans to sail Thursday for Japan, where they are to resume the world flight that they started in Paris, Oct. 19. Cortes and Lehot landed at the municipal airport here late yesterday, completing an 800-mile non-stop flight from Rock Springs, Wyo., in which they battled wind, clouds, snow and rain.

RUTH ELDER ENTERTAINS WAR VETS IN HOSPITAL

Ruth Elder, first woman to fly across the Atlantic and now appearing at the State Theatre, passed this morning with the wounded veterans at the U. S. Veterans' Hospital at West Roxbury. In addition to giving each veteran a gift of cigarettes, she also described the journey, the journey over the ocean during the night and her subsequent rescue at sea, off the Azores.

RADCLIFFE GIRLS GREET PROFESSOR OF FRENCH

Professors in the French department and missus were guests at the third departmental tea held in the living room of Aqueduct House at Radcliffe today. Among those attending were Prof. C. C. Webster, E. H. Watson, Prof. Dr. Mrs. C. H. Grandstaff, and Prof. and Mrs. George L. Lincoln.

LEAGUE AIMS TO RETAIN BRAZIL

Geneva, March 8 (AP)—The council of the League of Nations today took steps to see the withdrawal of Brazil and Spain from the League. The council, presiding, called attention to the approaching expiration of the notice of withdrawal and proposed an appeal be sent them to reconsider. The council also agreed to present a resolution at a later stage to be sent them accompanied by a letter signed by all members of the council. The suggestion was adopted.

Brazil announced her withdrawal from the League in June, 1925, and Spain in the same year. Neither withdrawal, however, can be effective until the expiration of two years.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can keep them away with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action: it soothes and seals the inflamed membrane and inhibits germ growth.

Of all known drugs, creosote is recommended by high medical authorities as one of the greatest healing agents for persistent coughs and colds and other forms of throat trouble. Creomulsion, in addition to creosote, contains soothing elements which soothe and break down the inflamed membrane.

CREOMULSION FOR THE COUGH OR COLD THAT HANGS ON

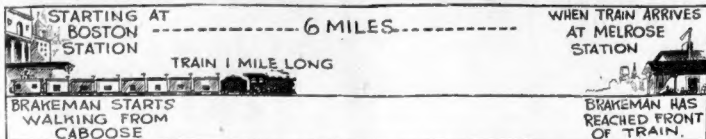

B. & A. ORDERS TEN ENGINES

An order for ten new locomotives at a total cost of \$150,000 has just been placed by the Boston & Albany railroad with the American Locomotive Co., it was announced today. Five of the engines will be of the new Hudson type and will cost \$20,000 each. They will be used on the Boston & Albany line, such as the Twentieth Century Limited, and the Westchester North Shore Limited, and the Southwestern Limited.

The other five will be standard locomotives for suburban service, engines especially designed for service on the B. & A. They will cost \$10,000 each, being double-ended, these can proceed in either direction and can be detached from the engine and attached to another in the opposite direction without use of a turn table.

Brakeman Bill's Puzzling Problem Has Expert American Readers Working Overtime

Brakeman Bill started on a northbound freight from Boston to Melrose. The train was a mile long. He walked the whole length of the train, arriving at the front and just as it pulled into Melrose. The distance between the two cities is six miles, and the train was going 20 miles

an hour. How far did Bill travel and at what speed? It is assumed that the caboose was at the zero mile when the train started and the engine at Melrose station, the six-mile mark, when the train stopped.

Send your solution to Brakeman Puzzle Editor, Boston Evening American, 5 Winthrop sq., Boston.

DEATH PENALTY FOR MAIL THUGS

Washington, March 8 (AP)—Announced by the Senate today on a Grand Trunk mail train near Chicago recently, Postmaster-General New announced that the Post-Office Department will advocate legislation authorizing the death penalty for mail robbers.

Rep. Kelly (D.) of Pennsylvania announced after a conference with New he would introduce a bill providing the punishment except by the postmaster-general. The present maximum punishment is 25 years' imprisonment.

By THE BRAKEMAN PUZZLE EDITOR

NOW, added to all my woes caused by this darn Brakeman Bill puzzle, somebody steps up to accuse me of inciting domestic riots!

Writes Mrs. Shelby Whalen, of Worcester: "That brakeman puzzle you put in the paper will very likely cause a divorce in the Whalen family. Confidentially, when it comes to puzzles, my husband is about the stupidest thing alive—and the most stubborn."

As he bowed out different answers to the puzzle, I saw Brakeman Bill only traveled six miles and I say any person with common sense would know that if he rode six and walked one he would have traveled seven.

"Well, we tried to prove our own answers to each other—and you know how one word leads to another. I had the last one and he hasn't spoken to me since. If I go to the divorce court, you'll be named."

Mrs. Whalen, my wife rises to sympathize with you. She would, I think, since that you've first printed, I've been the best. ADVERTISING man in Boston. Today's letters containing answers. He had sent to me, would reach Brakeman Bill's office. He would not see the solution in the Melrose station.

"Marie Le Blanche at School at Junction Plain, sends in an answer without referring to any, a trouble difficulties so it's safe to assure she didn't consult anybody else, working it out." "Right tried at the rate of 23 and one-third miles per hour."

George Outsell, of Warner St., Newport, R. I., sends in his own diagram to illustrate his answer that Bill traveled six miles at 20 miles per hour. George says "I've spent more time drawing that diagram than thinking out the puzzle!"

Well, that's all I got time for now. Yours, I got to look over these eight

WOMAN'S GREATEST CHARM DECIDED

Hollywood agrees no one can star without Smooth Skin

LOS ANGELES, CAL.—The public demands exquisite smooth skin in women, say the leading film directors. No girl without a beautiful smooth skin has ever proved popular enough to star. They can't pass the test of the close-up without "Studio Skin," as it's called in Hollywood.

Under the strong blazing Klieg lights the slightest imperfection will show. "The close-up close-up cannot face beautiful skin under the blazing lights of the close-up."

Levin Milstone, United Artists director, expressed it—"It must be the real thing." Nine out of ten stars are using Lux Toilet Soap. And in the dressing rooms of the big film companies it is also the "official" soap. Made by the most modern France developed for her finest toilet soaps. It gives the skin a wonderful smoothness. "Lux Toilet Soap certainly gives my skin that lovely smoothness we must have," Studio Skin," says Doris Kenyon, the first National star. Lux Toilet Soap is made by Lever Bros. Co., Cambridge, Massachusetts.

LINDBERGH OFF ON SECRET HOP

Washington, March 8 (NS)—Still taciturn about his future plans, Col. Charles A. Lindbergh took off from Bolling Field at 12:30 o'clock today for an unannounced destination.

His departure ended a stay of 48 hours at the capital, through all of which he remained in seclusion at a private club, with the single exception of a visit to the State Department yesterday. He would neither confirm nor deny reports that he was planning to enter a Baltimore hospital for a rest.

Lindbergh was accompanied in the Ryan plane by Henry Redford of St. Louis, one of Lindbergh's financial backers, and Maj. Thomas P. Lanphier, commander of the army flying field at Bolling Field, Md.

All declined to state where they were going, but it was variously reported that St. Louis, Detroit or New York was the destination. Lindbergh took the plane off the

ground with his usual smoothness and dexterity, despite the bumpy condition of the field. He circled twice, making a slight loop toward southwest and was soon lost in the haze.

48 Hour Test For Backache and Bad odor

If your back aches so bad you can hardly get around, if bladder weakness disturbs your sleep and lowers your pep and strength, if burning and itching sensations pain you, why not try the new Cystex 48 hour test?

Just step into any drug store and ask for Cystex. Put it to a 48 hour test. If you soon feel like new, full of pep able to sleep soundly with quiet alleviated it will cost you only 60c, otherwise nothing.

Don't give up. Don't wait. Feel better tomorrow. Learn the joy of healthful living. No need to risk a penny on unproved things because you are the sole judge of your satisfaction under the Cystex legal, binding, money back guarantee.

STINSON AFTER AIR RECORD

Detroit, March 8 (AP)—Eddie Stinson, Detroit airplane manufacturer, and George Hildebrand, transatlantic flyer, took off from the top of Lake St. Clair at 12:30 p. m. Eastern standard time today, in an attempt to break the world's record for unaided flight.

The fliers carried a load of 2345 pounds in their Stinson monoplane, including 120 gallons of gasoline and 20 gallons of oil. This, Stinson said, would keep them aloft for almost 40 hours.

The present world's record, held by two German fliers, is 32 hours 22 minutes and 31 seconds, and Stinson and his companion must remain in the air at least one hour longer in order to better the record.

To Rebuild Fall River P. O.

Fall River, March 8 (AP)—After an inspection of the postoffice here today to determine whether a new site was advisable as a result of the recent fire, John H. Barlett, Assistant Postmaster-General, said he would recommend extension and remodeling of the present building.

CHOPS a la GULDEN

THE next time you dine at The Copley-Plaza, noted for its fine food, tell your waiter, "I want lamb chops a la Gulden."

You have a new sensation in food enjoyment waiting for you.

Chops a la Gulden have just that nicety of flavor, that rich tastiness which the great chefs know how to create. Something in the intriguing, satisfying taste will make you realize that these are the most appetizing chops you ever ate. A wonderful, hidden flavor in all meats is brought out by Gulden's skillful blend of

zesty, mellow mustard with choice spices from distant lands. It is the one seasoning complete in itself.

To give home cooking the delicious flavor that famous chefs achieve, coat steaks, chops or roast with a layer of Gulden's before broiling or roasting. The result is delightful!

Send for Recipe Book of Seasoning Secrets

OUR Book, "Seasoning Secrets for Home Cooking," gives 77 new recipes compiled by expert cooks. Write for copy. Charles Gulden, Inc., Dept. GG, 48 Elizabeth St., New York.

Marriage 'Failure' at 103
and 95; Couple Part

Salt Lake City, Utah, March 5 (AP)—Declaring that marriage at their age was not a success and that they could be more contented apart, Marvin Van Horn Brown, 103, and Mrs. Elizabeth Brown, 95, have separated.

Accompanied to the station by her husband, Mrs. Brown departed for Coos Bay, Wash., where she has relatives. They were married 81 years ago.

Wins Oxford Course

Williamstown, March 5 (AP)—Hugh Marston MacMillan, 21, of Williams College, has been awarded the John Edmund Moody Memorial Scholarship, which enables a Willams graduate to pursue studies for two years at Oxford University following graduation. His home is at Williamsport, Pa.

Six Miners Killed

Hamburg, Germany, March 5.—Six miners were killed in an explosion in the Wessels mine of the Lower Silesian coal fields. Five were wounded and the fate of thirteen others is uncertain.

URGES 8-STORY
COURT TOWER

A suggestion that a tower eight stories in height be added to the Suffolk County court house rather than a new building be constructed in the rear to relieve crowded conditions was made at a legislative hearing today by Atty. Elijah Adcox, representing Mayor Nicholas. He said the Mayor believes that \$250,000 could be spent on the addition and that a substantial amount of money would be saved yearly through the retention of taxes, which would be eliminated by a new building.

BROKER WARE
GETS 2 YEARS

George L. Ware of Brockline, a Boston "bucket shop broker," was sentenced to two years in jail by Judge Thomas H. Dowd in municipal court today. Ware pleaded guilty to conducting a bucket shop in December at. of larceny of \$2000 on one count and \$1100 on another from Samuel Rogers. The sentence was six months each for keeping a bucket shop and the \$1100 larceny and one year for the \$2000 theft. He appealed and was held in jail.

GOODWIN HEADS
AUTO FIRM

Frank A. Goodwin, former registrar of motor vehicles, now is president of the Motor Motor Company of New England, with headquarters at 210 Commonwealth ave. Other members of the firm are W. A. Robb and the former registrar's son, Carl Goodwin. Goodwin's entrance into the automobile business does not surprise his friends and former associates. It was said, on during the eight years he was registrar, he acquired a vast knowledge of vehicles and equipment. Goodwin will be present at the Motor South at the Automobile Show.

STORK CATCHES LINER AT SEA WITH EXTRA TRAVELER

New York, March 5 (ENB)—The liner Karlsruhe docked in Hoboken today with one passenger more than it carried from Bremen. The extra passenger was taken by the stork in mid-ocean to Mrs. Maria Mucken-thaler, who is to join her husband, Julian, in Lancaster, Pa.

IT PAVED HIM

"I saw the necessity for paying off the debt," he continued, "I went to my secretary and had him send a check. I was very mad. I wanted to give up money to pay for a dead horse. I wondered why Upland gave the bonds to me instead of selling them in New York, the best market in the world."

"After all of this came out I had an idea where they came from," he said.

He presented to the committee a statement and cancelled check, showing that from 1925 to 1924 he contributed a total of \$91,000 to Republican campaigns, local, State and national.

These bonds were a part of the \$50,000 which Will H. Hays, former chairman of the Republican National Committee, forwarded to the late Fred W. Upland, then treasurer of the Republican National Committee.

Patten said on December 1, 1925, Upland told him there was a large deficit from the 1924 campaign "and that a lot of United States bonds had been put up as collateral to secure loans of the national committee."

Rudolf Weis, poet and poet will speak on "Jewish Colonization in Soviet Russia" tomorrow evening at 8 o'clock in Ford Hall, under the direction of the I. O. O. F. The I. O. O. F. is an organization for the colonization of Jews in Russia.

Meatless Thursday, who recently returned from a tour throughout the colonization districts in the Crimea, will talk on the progress of the colonization hope.

Has "YELLOW MASK"

made you despair of beauty?

Dental science has a new, quick way of erasing that unsightly yellowish tinge—just try it!

Don't resign yourself to the idea that your teeth are naturally yellow. Or that glistening white teeth are for others—not for you. All teeth are a beautiful ivory white, yours included. Only a glossy yellow mask obscures the dazzling whiteness.

Here's where that unlovely yellowish tinge comes from and here's how to dispel it. In your saliva is a "liquid element." It glues to your teeth—then hardens. Foods, coffee and tobacco stain this mask, for it is also an absorbent.

To rid enamel of this mask your dentist uses a precious substance known as Tri-Calcium

Phosphate." But only now has dental science found a way to embody this famous cleaning agent in a pleasant, tasty tooth paste. That is why, until now, you have never been able to dislodge that yellow mask.

The name of this new and marvelous dentifrice is ORPHOS Tooth Paste. Often it does in one brushing what others have failed to do over a period of years. The effects are truly amazing. Yet ORPHOS contains nothing that could do the slightest harm to the softest enamel—no grit, no acid.

So effective is ORPHOS that we give you this guarantee: Buy a tube. Use it 30 days. If by a single chance it fails to whiten, return unused part of tube to your druggist and get your money back. Could anything be fairer?

FORMER FIFI WIDENER SHINES AT PALM BEACH, SAYS BETTY ALDEN

Mrs. Raymond T. Baker Is Cutting Wide Swath During Late Season at Exclusive Florida Resort

PALM BEACH, FLA., MARCH 8—EXACTLY AS MUCH AT HOME and just as lively, dashing along the palm fringed avenue of Palm Beach, as in Newport's Bellevue ave. Mrs. Milton Holden is a bright particular star that shines in the Palm Beach social firmament. One sees and hears of the vivacious Fifi Widener Holden in all those Palm Beach gathering places where exclusive is the watchword and where the names ornamenting membership lists tell a story of social superiority and impeccable fashionable standing and influence.

AND, AT THE SUPER-EXCLUSIVE EVERGLADES CLUB, WHERE society of the Holden status takes its tea in the beautifully exotic orange grove, or dines and dances in fairyland surroundings beneath the rays of a glorious moon, Mrs. Holden is noticeably smart and distinctive. A dance frock of oyster white flecked with silver points and shoes with tapering brilliant studded heels was scintillant in a degree to enhance this slender, dark-eyed young social personage.

BEING AMONG THOSE WHO ENJOY UNASSAILABLE SOCIAL supremacy in Palm Beach's fashionable glittering life, it does without saying that Mr. and Mrs. Milton Holden move and have their being where groups are smartest in the clubs renowned for their exclusiveness. Mrs. Holden at Bradleys for the late evening, is a slender sprite in girlish crepe of a simplicity unadorned. Mrs. Holden lounging on golden sands within the sacred confines of the Bath and Tennis Club is bewitchingly attractive in silken Lido bathing garb.

IN PALM BEACH, AS IN THE OTHER FASHIONABLE GATHERING places she is wont to frequent, Mrs. Raymond T. Baker is a first ranker, that is to say, she belongs with the exclusives, she sports some marvelous jewels and does the accepted Palm Beach things with her own verve. At the beach club her black crepe frock modishly simple in its slender cutting and ropes of pearls with several diamond bracelets emanating the arm from wrist to elbow completed an effect of opulence. Mrs. Baker is occupying Chloera on the south Ocean boulevard the Charles Harding villa and so properly is of the villa colony.

THIS SEASON NEITHER THE HARDING YACHT, WILDFIRE, IS anchored in Lake Worth, nor are the Hardings themselves spending the winter months basking in the marvellous sun of this joyously carefree resort. Chloera is a delightful home, luxuriously tropical as to gardens and setting and of the accepted Spanish influence in architecture a winter home in the sunny Southland should have been pictorially fitting. Mrs. Baker's hospitalities during her Palm Beach season are the lavish affairs expected from one possessed of her many social graces. Before she was Mrs. Baker, she was Mrs. Vanderbilt and before that Mrs. McKim.

SPEAKING OF THE VILLA COLONY, SINCE MR. AND MRS. OSBORNE HOWES have their comfortably, spacious houseboat, Santanta, swinging at a Lake Worth mooring, they belong with the resident set, as distinct from those who prefer existence in one of Palm Beach's gilded caravansaries. At the prow of the Santanta flies the red and blue pennant of the Eastern Yacht Club with its single white star, and one of the great representatives of the Massachusetts club among yachts halting from New York, Philadelphia and even Chicago.

AS TO HOUSEBOATS, SEAGOING AND OTHERWISE, THERE'S nothing more picturesque in the entire sparkling length and breadth of Lake Worth than Louis Kaufman's Sequoia. The Kaufman place on the lake trail is a gem-like bit, set in a wreath of tropical verdure. Moored at the very door, so to speak, is the Sequoia. From sky-pointing stem to higgledy-piggledy stern she is as brave a galleon as ever sailed the Spanish Main. It's not every Palm Beach resident who has a galleon and a villa so extremely well matched. Mr. Kaufman is otherwise of the fortunate ones, since he is collaterally descended from the Artist Angelica Kaufman.

CERTAINLY FOR SENTIMENTAL REASONS, AND IF THERE IS anything in a name, Victor Ponce de Leon should by all odds with the Florida men's tennis tournament. The young South American is a guest at the Hotel Royal Poinciana, as are so many of his brother contestants in this historic contest. Lawrence B. Rice, a Massachusetts player, also is a guest at the Poinciana. It is on the courts of the Palm Beach Tennis Club, just within the shadow of the famous old hotel, that the tournament goes on. Quicker than the wind, it is the spirit of the game and there, spread out before them, is the spirited play.

To My Friends:

After very careful consideration I have made this business alliance. The Elcar Co. has been in business since 1873. As the Elkhart Carriage Works its reputation was nation wide in the building of carriages. As a motor car manufacturer it is well known in the West and South as the builder of a wonderful automobile with special emphasis on the quality of its bodies. I shall be pleased to have all my friends call at our showroom, 910 Commonwealth Ave., Boston, and do not fail to see our display at the Boston Auto Show—Space 33.

PASTOR NAMED ROBBERS GET N. E. DRY HEAD \$715,000

Continued from First Page.

is set at \$1200 and that of the full director at \$800. It is believed the new incumbent, who is known as the "fighting Baptist minister," will receive the maximum even in his acting capacity.

The Rev. Mr. Lewis was formerly prohibition director for New Hampshire. In 1916 he was a candidate for secretary of state in Massachusetts and in 1917 he was equally unsuccessful as a candidate for lieutenant-governor.

He went to New Hampshire and was in the New Hampshire House of Representatives in 1918 and 1917. In 1918 he returned to Massachusetts. He joined the New England prohibition forces in 1921.

He was born in Boston in 1864 and was educated in Boston, Everett and Methuen public schools and at the Newton Theological Seminary.

Chicago, March 8 (AP)—Two robbers bound watchmen of the Boring Manufacturing Company of Ciro early today and looted safes of \$715,000 in negotiable securities and jewelry.

They also took patent formulas contracts and a list of customers of the company, manufacturers of picture frames and mirrors, which President Nathan Boring said were worth \$300,000.

The lost included \$500,000 in negotiable stock of the company, \$100,000 in stock of each of two subsidiary firms, the Master Art Corporation and the Maitre Industrial Corporation, \$1,000 in stocks and bonds owned by Boring, and \$7,000 worth of jewelry belonging to Mrs. Boring.

The president of the company who owned approximately 90 percent of the missing stock, said he believed it was an "inside job."

Quitting entrance through a coal chute, the robbers, one of whom was masked, overpowered the watchmen, Leon Malinowski, and the watchman, Anton Byrd.

STAGE STAR IN RADCLIFFE

TELLS GIRLS OF FOOTLIGHT THRILLS
Mrs. Christina Alfred Davidson, a student at Radcliffe, who was at one time leading woman for Lionel Barrymore and who had a brilliant stage career and a promising future when she deserted the footlights for college and to wed, today she addressed the girls on "The Life of an Actress."

Daily pursuing the prosaic life of a Radcliffe student is a former actress who once touched poetic heights playing leading lady opposite Lionel Barrymore.

She is Christina Alfred Davidson, now a student of anthropology, once a girl who had the undreamed-of luck of becoming Barrymore's leading lady on Broadway's notice.

Even that rare good fortune did not convince her that a career on the stage was desirable, although she was successful in the role and was making a name for herself in minor parts with Sothern and Macdonald and others.

SHE'S A BRIDE, TOO.
"Oh, that was an accident, not a 'disappointment,' she said today, referring to the Barrymore episode in her career, at her home, 37 Concord ave., Cambridge, just before she went to address classmates on "The Life of an Actress."

This unusual student has another distinction, for she is a bride of less than a year, her husband being a doctor.

"The thing that made me see how different stardom is to attain was in helping Frances Barry, recently in Boston in "Diplomacy," to read hundreds of plays submitted to her for selection of one she could use," said Mrs. Davidson.

CULTURE VS. ART.

"She was already a star and yet could not find the proper vehicle for her talent. What chance had I, even though I had the benefit of training by Sothern? I struggled at the 'game' for five years and then decided it is more important to be a cultivated woman than an am still thirty for knowledge."

Just before she married, Mrs. Davidson obtained a degree at the University of Chicago. It was several years ago that she was playing "Laugh, Clown, Laugh" with Barrymore when his wife and leading lady, Irene Fenwick, became ill.

"I went on with only a minute preparation, though, of course, I was familiar with the part already," she said. "The kindness and assistance of Mr. Barrymore that everything would be all right completely restored my paralyzed nerves."

STAGE IS COLORFUL.

"I thought afterward that I needed to work every spare moment on my part but I was capably filled the part and rehearsals were unnecessary. I have pleasant memories of those days when a real gentleman smooched away my fear."

Regarding marriage, she said: "After today do not tell a woman to submerge her personality when she marries. I think I owe it to myself and Dr. Davidson to cultivate my mind all I can."

FOY LEAVES ESTATE TO WIDOW
White Plains, N. Y., March 7 (AP)—Edith Foy, widow of the actor who died Tuesday last, bequeathed his entire estate, estimated at more than \$100,000, to his widow, Mrs. Mary Combs Foy.

SAWYER HITS AT DELAY

Continued from First Page.

unfitness in office, charges with sufficient basis to warrant the couping of the committee, giving it great powers, and now the committee does nothing.

"The committee was appointed because public interest demanded it. The same public interest demands action. It is time for action. I know the way things go up here on the hill and I know delays always help the defense. And where the case is the people against a man running under such charges as Reading does, I do not want to see the people lose any of their rights."

The committee chairman, Rep. George F. James of Norfolk, had previously explained the delayed start of the inquiry by his inability to obtain a satisfactory legal adviser.

**BOY IS SWEEP OVER
DAM AND DROWNED**

Springfield, March 8.—Charles Otis, nine, was drowned and his companion, Raymond McGee, escaped death when the two boys, through the rotten ice on the Chicopee river at Indian Orchard, and were swept over the 25-foot dam of the Hodges Fibre Carpet Co.

DOWD HITS COPS IN THUG CASE

Continued from First Page.

tion, closed the car window on her side.

Then one of the men shattered the window, cutting Mrs. Norton on the face and the daughter, Betty, on a hand, he said. Norton leaped out of the vehicle to block the attack on his family.

The four youths leaped on him, he testified, and beat and kicked him into unconsciousness. Then they fled. Mrs. Norton testified it was ten minutes before Norton was removed to the Haymarket Hotel Hospital.

Judge Dowd said, at conclusion of testimony: "Where is our much-vaulted police force? I wonder if the public is getting any protection at all. I cannot understand how such a brutal assault could take place, especially in this part of the city, if the police were doing their duty."

"What police protection have we?"

These people might have been killed. The whole thing puzzles and appals me. When an assault like this can take place, it is time for someone to do something."

"I am not reprinting the police officers prosecuting this case, but

I am reprinting the police department. It is about time that the police of Boston woke up. Never before have I heard of such a brutal assault being committed on respectable citizens who were trying to use our streets."

Judge Dowd refused to entertain any conference with the attorney defending the men, and held them in \$500 each when they appeared.

THE WAY OF A HEALTHFUL DAY

A morning dish of ALL-BRAN prevents constipation

Clear eyes. Fresh complexion. Buoyant spirits. They all come when the right kind of food is eaten. One of the main things that our modern diet lacks is the roughage necessary to prevent constipation, which is the cause of so much ill health.

Kellogg's ALL-BRAN will furnish the bulk you need to keep well and fit.

ALL-BRAN is 100 per cent bran. It supplies roughage in effective quantity to prevent constipation, but it is not a laxative. At best, it can be but partially effective. ALL-BRAN is guaranteed.

to relieve constipation. Two tablespoonfuls daily—chronic cases, with every meal.

An appealing, healthful cereal of unusually nutritious qualities. Serve it with milk or cream and add fruits or honey. Use it in cooking too. Sold by all grocers. Served everywhere. Made by Kellogg in Battle Creek.

W.L. DOUGLAS
MADE IN U.S.A.

Here's a Way to Save Money!

Read the following statements . . .

Despite the fact that leather prices have gone up tremendously in the past several months, W. L. Douglas Shoes for Spring are the same high quality at the same popular prices.

Hides increased 75% to 85% in price during 1927. "But," you ask, "if that is true, how can Douglas Shoes sell at the same price and still be the same high quality?"

And here's why—early in 1927 we foresaw this rise in prices—we contracted at the prevailing low prices for enough fine leathers to make the shoes we are offering you this Spring, direct from factory to you. Other big savings in manufacturing costs were made possible by our large quantity production—we made 100,000 more pairs of shoes last Fall than the preceding season.

The New Spring Styles are Ready

Smartly styled for the new season—made of the finest imported and domestic leathers, best of workmanship—famous Douglas quality built into every shoe.

WHY PAY HIGHER PRICES THAN THESE FOR GOOD SHOES?

We are passing on to all of our customers—old and new—savings which amount to almost \$1.00 on every pair of W. L. Douglas shoes.

A cordial invitation is extended to you to call and see the wonderful styles and values in W. L. Douglas shoes for Spring. And remember, you will be under no obligation whatever to buy.

Your Engine will show you the Difference!

JENNEY GASOLINE

In traffic it's the quick pick-up that counts—and on the open road, the surge of sustained power.

There is a difference in gasolines. For a fuel that gives instant motor response, high mileage, and generally improved engine performance, you can't beat Jenney Gasoline. Find out the difference for yourself. Drop in at one of the Jenney stations—there are more than 200 of them in eastern Massachusetts—and have your tank filled, and keep going with Jenney Gasoline—(winter grade).

Look for the Jenney sign! There's one just ahead. Whether you buy or not, it's a sign that lets you know that your motor needs will be given friendly attention.

For over a century—since 1812—the name "Jenney" has been a guarantee of quality. Write to us for a list of locations showing convenience at each station is equipped to give.

JENNEY ETHYL GASOLINE

Jenney Ethyl particularly designed for high compression engines and for cars that have an accumulation of carbon.

Jenney Mfg. Co.—Est. 1812

LEWIS PINS CUT IN MINE WAGES ON RAILWAYS

Washington, March 8 (AP)—Cutting a 10 percent reduction in the bituminous coal industry, John L. Lewis, president of the United Mine Workers, today attributed the cut in the coal fields to a conspiracy among the railroads to deprive miners' wages.

"This is the contract which was written in the days of the coal strike," Lewis declared, "and it is the only one that has been written since."

P.A. and a pipe—that's all I ask

I DON'T mean that I am easily satisfied. As a matter of fact, I'm as critical as they come about smoking-tobacco. There are certain things I demand in a smoke, and I declare here and now that P.A. has 'em. Has 'em and to spare, if you ask me.

Fragrant as spring blossoms. Cool as "The boss wants to see you." Sweet as "I'm going to raise your pay." Mild and mellow and long-burning, with full satisfaction in every wonderful puff. It seems that there are not enough hours in a day to suit your Prince Albert program. You'll start in early and stay with it far into the night.

But all this conversation won't do you any good, unless you try out the tobacco itself. When it comes to speaking for itself, P.A. is the best little talker you ever listened to. Go get yourself a tidy red tin and get some of this pipe-joy I've been picturing.

PRINCE ALBERT

—no other tobacco is like it!

More in quality, more in quantity—TWO full ounces in every tin.
